### **2023 OurCrowd Global Investor Summit**

The OurCrowd Global Investor Summit will take place in Jerusalem on February 15, 2023, once again bringing the entire startup ecosystem together. The Summit, which provides unique access to private companies you can invest in, is one of the premier events in the startup world and the biggest investor event in the Middle East, with 23,259 people registering from 183 countries in 2020. As Forbes reported, Summit Week in Israel was “the place to be.”

The Summit provides exclusive exposure to cutting-edge technologies, the entrepreneurs behind them, and the corporate leaders deploying them. Dramatic plenary sessions are filled with the unexpected, breakout sessions aren't just panels, and OurCrowd University teaches the essentials for successful investing. None of the outstanding speakers is paid or pays for onstage appearance – passion and expertise are the only criteria. VentureBeat reported: “Excellent content... and the quality of the attendees is exemplary.”

Top investors, venture capitalists, innovation executives, entrepreneurs and journalists come to the heart of Startup Nation to get business done. A week of surrounding events includes corporate meetups, VC forums, insider access to accelerators and labs, and opportunities for great food, drink, and networking with the global crowd. As one venture investor said, “Best conference I've ever been at. I'm sold on Israel. I'll definitely be back next year.”
